

ATTN AISD Parents

Are you aware of what the schools are teaching
your child about SEX?

Comprehensive Sex Education (CSE) is at AISD, thru avenues such as health class, SEL, Welcoming Schools, & anti-bullying. It includes:

- Detailed discussions and naming of genital parts in K-2
- Presentation of options for one's gender and sexuality in K-5
- How to give and deny consent for sex and assess readiness
- Access to information on diverse sexual practices, contraception, abortion, and preparation to give and receive pleasure

Consequences of CSE:

- Normalization of sexual activity in children
- Experimentation with high-risk lifestyles and behaviors, including promiscuity and alternative sexual orientations, leading to ...
- Increased pregnancy, abortion, mental health problems, suicide, and an STD epidemic among youth
- Confusion with identity and eventual breakdown of societal norms regarding sexuality and gender

Take control of the message being sent to your children.

ATTN AISD Parents of Faith

Are you aware of what the schools are teaching
your child about SEX?

Comprehensive Sex Education (CSE) has arrived @ AISD, and includes

- Rejection of Biblical sexual morality by condoning and promoting pre-marital sex, promiscuity, and participation in LGBT lifestyles
- Promotion of sexual experimentation at the earliest ages through the normalization of sex, loss of modesty (having children discuss their genitalia in kindergarten), and teaching how to consent to sex
- Belief that all children have a right to sexual pleasure and thus should receive unfettered information about sex

They are now targeting our children with their Godless agenda, leading to:

- Pregnancy, abortion, mental health problems, suicide and a current STD epidemic among youth
- Breakdown of God-given norms regarding sexuality and gender
- Loss of purity and spiritual harm, as children's minds are exposed to sexual imagery and topics that they are not prepared to handle

Parents must control the narrative around sex in order to protect our children's purity and God's plan for their lives.
